# Kendall Perpente

## SKILLS

Programming & Development: Java, Python, C++, HTML, CSS, JavaScript

Tools & Platforms: Git/GitHub, AWS, Linux, Eclipse, Notepad++, Google Workspace, Microsoft Office

Core Strengths: Critical Thinking, Problem-Solving, Time Management, Team Collaboration, Conflict Resolution, Leadership

## Projects

Facial Recognition System (Python, OpenCV)

- Built real-time facial recognition using Haar Cascade Classifiers.
- Logged detections with Pandas for potential extensions (e.g., attendance tracking).
- Optimized accuracy through preprocessing and frame resolution adjustments.

Construction Company Website (HTML, CSS, JavaScript)

- Designed a responsive website showcasing services, projects, and contact info.
- Improved engagement with galleries, contact forms, and SEO optimization.

Real Estate iOS Application (Swift, SwiftUI)

- Developing an app with property search, interactive maps, and agent contact features.
- Ensuring App Store readiness through performance optimization and UI best practices.

Photo Recognition System on AWS

- Built serverless image recognition with AWS Rekognition, Lambda, and S3.
- Stored metadata in DynamoDB and integrated into a front-end interface.
- Achieved scalability and cost-efficiency through AWS-managed services.

## EXPERIENCE

**WaWa, Montgomery** – Team Member

August 2024 - PRESENT

- Delivered excellent customer service in a fast-paced environment.
- Supported smooth store operations through collaboration and time management.
- Maintained high safety and cleanliness standards.

### **Francesca's, Willow Grove** – *Key Holder*

February 2024 - July 2024

- Opened/closed store and managed cash handling with accuracy.
- Supported team success through training, collaboration, and customer service.
- Strengthened product knowledge to improve sales and client satisfaction.

### **The Ark, Coopersburg** – *Caregiver*

June 2023 - September 2023

- Provided personalized care and assistance to individuals with special needs.
- Encouraged independence through skill-building and positive reinforcement.
- Ensured safety and well-being in a nurturing environment.

### **Custom Painting, Coopersburg** – *Painter*

January 2023 - August 2023

- Completed residential and commercial painting projects on time and within budget.
- Consulted clients on color/design choices to ensure satisfaction.
- Streamlined processes for efficiency and cost savings.

### **Dunkin Donuts, Coopersburg** – *Team Member*

February 2022 - June 2022

- Provided fast, accurate service during high-volume shifts.
- Maintained store cleanliness and safety standards.
- Worked collaboratively to meet customer satisfaction goals.

### **Speed Raceway, Horsham** – *General Employee*

June 2021 - June 2022

- Trained new employees on ride safety and operations.
- Coordinated and executed large events and parties.
- Enforced safety regulations and ensured smooth operations.

## **EDUCATION**

### **Arcadia University, Glenside** – *BS Computer Science*

August 2022 - Present,

- Coursework: Programming with Java, Pentesting, Website Development, Research Writing, Database Design, Operating Systems
- Distinguished Scholarship Recipient | Dean's List (multiple semesters)
- Arcadia Employee Program
